## Community Mass Care Management

### Course Goal

This course is intended to equip emergency management staff and voluntary agency personnel with the knowledge and skills necessary to perform as effective mass care coordinators in a broad range of disaster situations. The course covers:

- how to assess mass care needs
- how to plan for mass care
- recruitment, training, and exercises for mass care personnel
- actions to take in short-term and long-term mass care operations (response and recovery).

### Course Objectives

Upon completion of this course, you will be able to:

- Describe how effective planning facilitates a timely response to victims when a disaster strikes
- Identify the factors in your community that affect mass care planning
- Identify resources required to meet your community's mass care needs
- Develop an Emergency Operations Plan (EOP) annex that addresses community mass care needs
- Describe the long-term mass care issues that can arise in the aftermath of a disaster and how to respond to them.

### NIMS Compliance

The State of Kansas, in compliance with FEMA requirements, has mandated all individuals and agencies with a direct role in emergency response receive IS-100 (Intro to ICS) and IS-700 (Intro to NIMS) training.

To find out more about NIMS compliance, visit the [Kansas Emergency Management website](http://www.kansas.gov/kdem/training), [www.kansas.gov/kdem/training](http://www.kansas.gov/kdem/training) or [FEMA's training website](http://training.fema.gov/EMIWeb/IS), [training.fema.gov/EMIWeb/IS](http://training.fema.gov/EMIWeb/IS).
